

LSVT LOUD Training and Certification for SLP Programs

**Two Options. Same Foundational Training.
Choose the course that's right for you!**

- **LSVT LOUD** focuses on adults with Parkinson's and other diagnoses.
- **LSVT LOUD for KIDS** focuses on pediatric populations.
- Both courses train the evidence-based LSVT LOUD treatment that can be used with adults and children.

“I highly recommend LSVT LOUD training for graduate students. It’s the gold standard evidence-based practice to treat patients with Parkinson’s and a variety of other conditions.” - SLP Faculty

Benefits of Becoming LSVT LOUD Certified as a SLP Student

- **Versatile Impact:** From Parkinson's to pediatrics.
- **Confidence Boost:** From Learning to Doing—Confidence Backed by Science.
- **Clinical Advantage:** Gain a competitive edge for your desired career.
- **Flexible Learning:** Choose from online or virtual-live options.
- **Strong Clinical Foundation:** Learn core clinical skills through principles of neural plasticity and motor learning.
- **Significant Discount:** 50% off for students!
- **Early Impact:** Provide life-changing LSVT LOUD treatment under the guidance of a LSVT LOUD certified clinician—even before graduation.

LSVT LOUD and LSVT LOUD for KIDS Online Courses

Both Courses:

- Train you in the evidence-based LSVT LOUD treatment, leading to the same certification for use with adults and children.
- Include a decision-making matrix to guide appropriate candidate selection.
- Are asynchronous, 13–14 hours long, with 60 days to complete.
- Feature short 15–20 minute modules for flexible scheduling.
- Provide 90+ audio/video examples as well as self-practice activities.

Included with Registration:

- Downloadable materials and access to the LSVT LOUD Resource Portal.
- LSVT LOUD Homework Helper video.
- Certification upon successful completion (no additional fee/exam after graduation).
- Listing on the LSVT Global Clinician Database.
- Complimentary access to advanced topic live and on-demand webinars.
- Ongoing support from LSVT LOUD experts.

Special Pricing:

- Student rate: \$325 (regular \$605)
- Groups of 5+: \$295 per student
- Discounts for faculty and externship supervisors

LSVT BIG Training and Certification for PT and OT Programs

Goals for Student Training

- Gain expertise in an **evidence-based treatment approach for Parkinson's disease (PD)**.
- Learn how to integrate principles of neuroplasticity and motor learning into any treatment.
- Provide LSVT BIG under the mentorship of an LSVT BIG Certified Clinician before graduation.
- Confidently treat patients with PD and other neurological conditions, entering the workforce with a solid foundation.

For **PT and OT program faculty**, we make offering this course to your students very **simple and straight forward**.

About the Online LSVT BIG Training and Certification Course

- Self-paced, on demand learning that can be completed individually or with a group
- Total course time: 14.5 hours
- 60 days unlimited access to training
- 40 short modules with knowledge review questions to reinforce learning
- Nearly 100 videos with video-led practice sessions
- Built in certification exam
- Electronic materials included with option to purchase printed materials

University Pricing for Students and Faculty

- Student Group Rate (5 or more in a group): \$295
- Professional Group Rate (5 or more in a group): \$555
- University Faculty Rate: One faculty at \$295 for every 10 students who register.
- Clinical Instructors/Supervisors: \$485 (limit 5)
- Faculty who are currently LSVT BIG Certified and are facilitating a student group learning experience will receive complementary course access.
- Payment can be made by individual students or by the university.

Three Training Options

1. **Individual Learning:** Self-paced over 60 days
2. **Group Learning:** Meet as a group for all modules to learn and practice together
3. **Blend of Individual and Group Learning:** Meet only for modules requiring practice

Optional Learning Enhancements

- Lab outlines for hands on practice with Parkinson's volunteers from your community
- Inter-professional learning guidance from LSVT Faculty
- Virtual Q&A session with LSVT Faculty

After Graduation

Students should contact LSVT Global upon graduation to request an upgrade to professional status, free of charge. After this, they can be listed on the LSVT Global directory for referrals.

"As a student, the LSVT BIG training program gives me confidence going into the workforce as an upcoming clinician; I am truly thankful for this opportunity to learn LSVT BIG!"

-DPT Student

"Partnering with LSVT Global to offer our students the Online LSVT BIG Training and Certification Course was definitely a value-added experience for our program! Students were able to supplement their knowledge and skills from our curriculum with cutting-edge clinical skills they could immediately apply. Upon graduation, their certification gave them a highly desirable marketing edge with employers."

-Lou Jensen, LSVT BIG Certified OT, Assistant Professor
